

WISE PROJECT

Supporting Women Into Successful Employment

This project is funded by

**CITY
BRIDGE
TRUST**

WHY?

THIS PROJECT

What?

This project will help support women from refugee, asylum seeker, migrant and racialised communities in Waltham Forest to thrive and access training and employment opportunities."

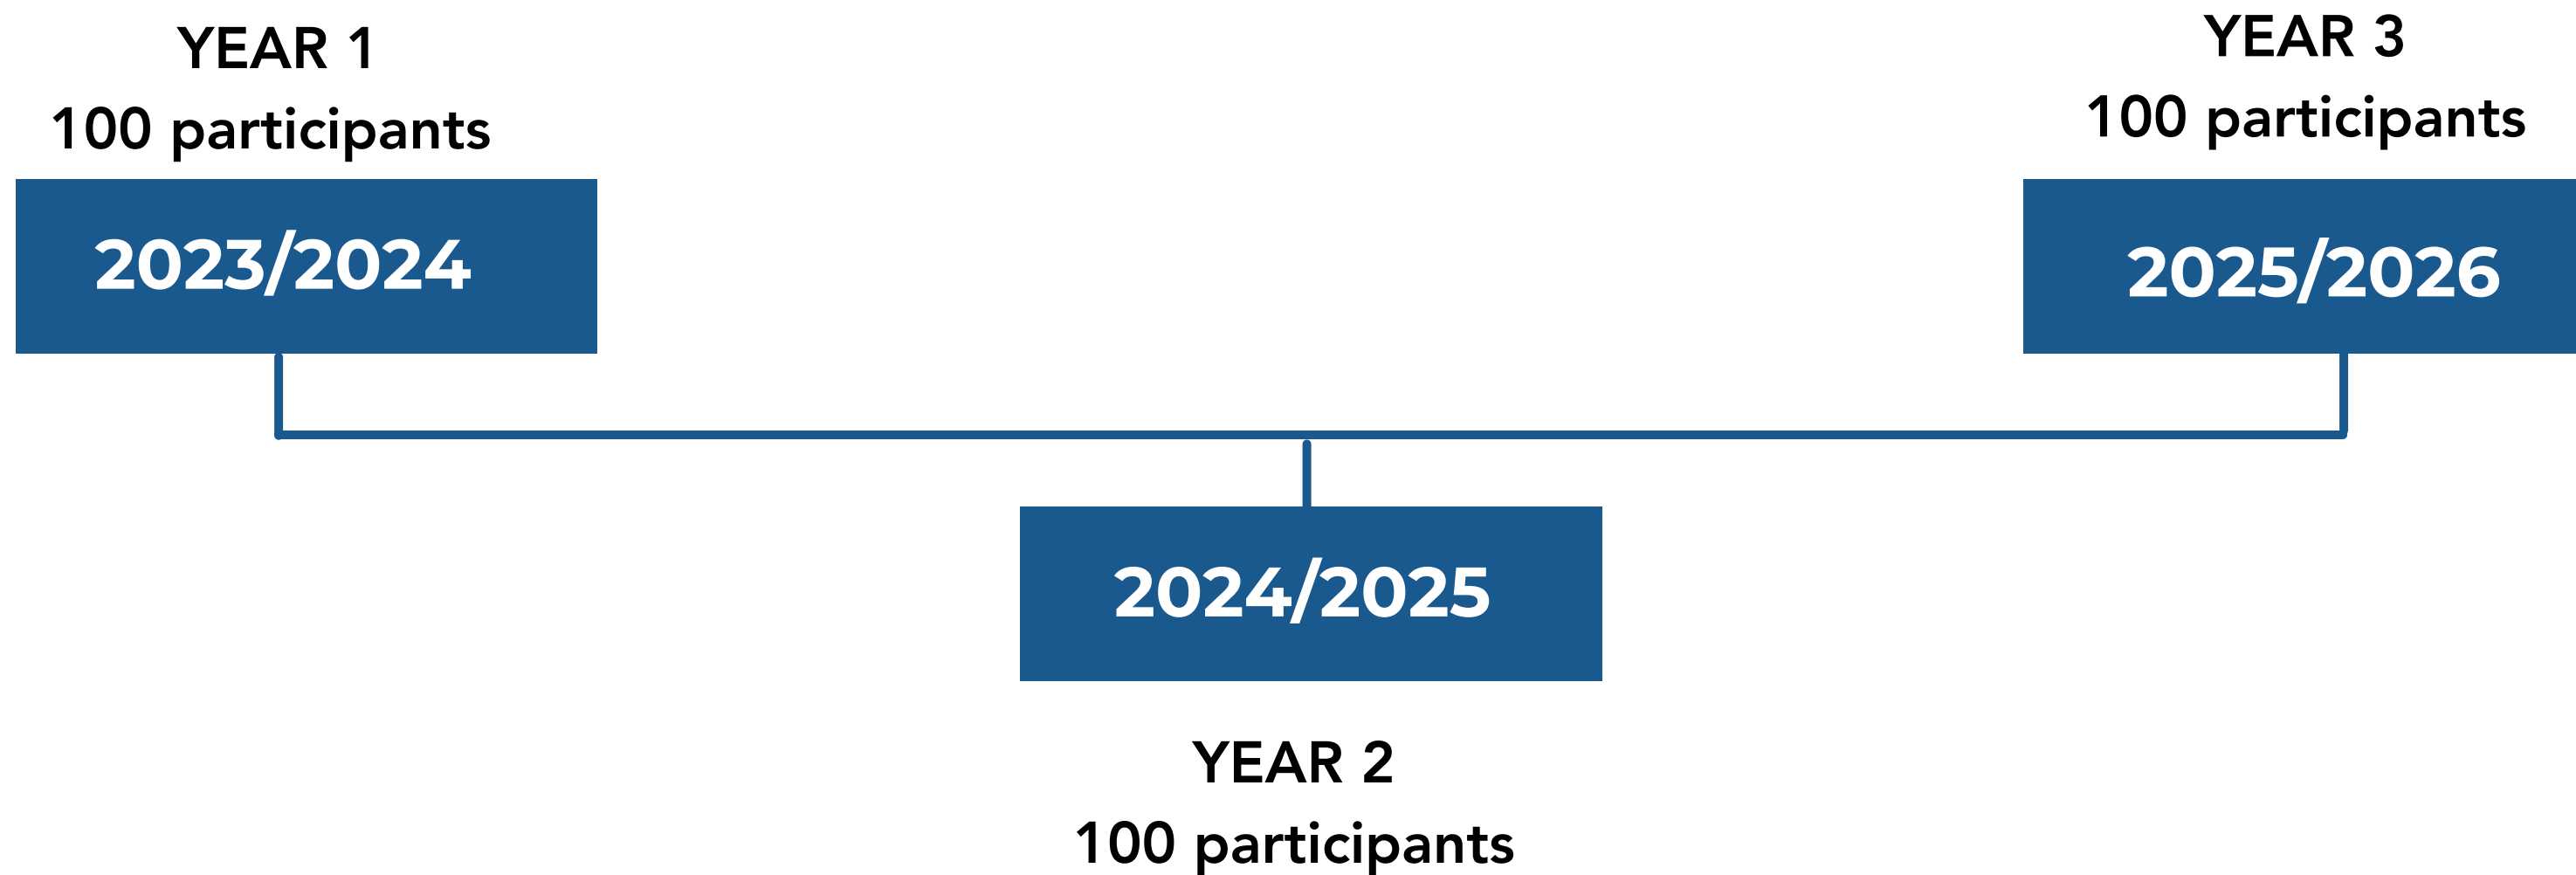

Who?

This project is for women and will focus on young women and mothers whose ability to access opportunities that lead to improved stable employment is restricted by their resident status and by their home-life caring/ parenting responsibilities.

How?

This project will address some of the learning barriers that women from migrant, refugee and racialised communities face when accessing training, qualifications, and better employment.
